

Senate

FIVE CENTS

The Annual Meeting

The eighth annual meeting of Brandon Presbyterial Woman's Foreign Missionary society was held in Knox church, Portage la Prairie, on Tuesday last. The following delegates were present: Austin, Miss Campbell; Alexander, Mrs. Lockhart; Brandon, Mesdames Murray, McDiarmid, Urquhart and Miss Gordon; Beaver Creek, Mesdames McRae and McElroy; Burnside, Mesdames Grant, McIntosh, Craig and Miss Grant; Chater, Mrs. McFavish; Carberry, Mesdames Lozan, Walker, Fairley and Miss Ma-

Cypress River, Mrs. D. J.
as, Mrs. Ross; East Prospe
Nacola, Boston, Yorkhill.

W. L. McDonald, D. C. McDonald, E. McDonald, Morrison and Jonstone; Glenboro, Mrs. A. McD. Haig; Humesville, Mrs. McChenry; Macdonald, Mesdames Whimister, Caskey, Ferriss, Fisher and Miss Scott; High Bluff, Mrs. Douglas, Miss Kennedy; Petrel, Miss Murchison; Roseland, Mrs. Ferrier; Rounthwaite, Miss Rice; Terleirne, Miss Hanglewood; Winnipeg visiting delegates, Mesdames Watz, Farquharson, Jas. Russell, Brown, C. H. Campbell, A. Campbell, McGaw, McMunn, C. B. Pirbiado, Murray, McKay and Miss Bruce.

The morning meeting was devoted to reports from various auxiliaries and the election of officers. The following officers were chosen:

Pres., Mr. Rev. A. McTavish, Chater;
1st Vice, Mrs. Rev. Jas. Douglas, High
Bluff; 2nd Vice, Mrs. R. S. Alexander,
Tcherone; 3rd Vice, Mrs. Wm. Camp-
bell, Cypress River; Rec. Sec., Mrs. R.
C. Brown, Portage la Prairie; Cor. Sec.,
Mrs. J. Murray, Brandon; Treas., Mrs.
Dr. McDiarmid, Brandon; Literature
Com., Mrs. Rev. Urquhart, Brandon;
Mrs. McEwan, Rugby.

The afternoon meeting opened with devotional exercises conducted by the president assisted by Mrs. Pittblado, Winnipeg. An address of welcome was read by Mrs. R. H. Robertson on behalf of the Porings Auxiliary, and the reply, written by Mrs. Alexander, Treherne.

was read by Miss Henglewood. Mrs. J. McLeod, on behalf of the Christian Endeavor, invited all present to supper in the vestry at 6 o'clock. The corresponding secretary read the annual report detailing the work accomplished during the year, and showing that in the face of great financial depression, the church and its

great financial depression and other difficulties there had been much good accomplished. Following are a few sentences from the closing words of this admirable report: "As Christian women the first and greatest responsibility laid upon us is to send the Gospel to our perishing sisters in heathen lands. To

women the Gospel of Christ has brought special blessings, both spiritual and temporal, even greater than to our brothers. As one of our sisters, a good writer, has said: 'To the Gospel we owe the protection we enjoy in our homes, the sanctity of the marriage tie, and the thousand

hallowed associations that cluster around the terms 'wife and mother.' Let us see to it, then, that we neglect no opportunity of helping forward the time when the heathen shall be given to Him for an inheritance and the utmost parts of the earth for His possession."

The treasurer reported the amount contributed last year \$1,088.60. Most encouraging reports were read from the Indian schools at Battle and Portage and very sweetly the children of the latter school sang the beautiful hymn, "Over the River." Admiring and inspiring addresses and papers were given by the

president, Mrs. McTavish; Mrs. Watt, president of Winnipeg Presbyterial; Mrs. Jas. Douglas, High Bluff; and Mrs. A. T. Smith, Portage. A farewell address was presented to Mrs. S. D. McKay, the retiring recording secretary. Resolutions were adopted thanking the

press for printing notices and reports of meetings; the C.P.R. for the reduced railway fares; the Y.P.S.C.E. for their kindness in providing tea at the close of the afternoon meeting, and the ladies of the town for hospitality in the homes. The evening meeting opened at 8

After Scripture reading and prayer, Rev. Hugh Fraser, Treherne, delivered an address pointing out the need of greater knowledge of the field, definiteness of purpose, and above all prayer and consecration. Mr. Wright followed with a splendidly illustrated presentation of the

The next annual gathering will be held in Brandon during the first week of June, 1895.

University Examinations.

BACHELOR OF ARTS.

Miss Annie Kidson Murray—With
First Class Honors in Modern Languages.

THURSDAY, JUNE 14, 1894.

FEDERAL EXPENDITURES.

In our last issue, we gave the receipts and expenditures of the Federal Government under their principal heads, and in this and subsequent issues we propose to analyze some of the headings of expenditure, that our readers may the better understand where their taxation goes. In this connection, we wish it distinctly understood that we are not blaming one of the political parties more than the other for the outlays (as in some cases they are fixed by statute which, of course can be changed) in which, both parties concurred, and in others by mutual adoption. What we want particularly to point out is that the simplest form of government and the least expensive one that would serve the purpose of the people has not been adopted. In many cases the departmental divisions are on too extensive a scale for a country of Canada's resources, and even with that due economy has never been observed. The machinery has been made too cumbersome, necessitating burdens in taxation altogether too expensive for the resources and the requirements of the people.

We give to commence with the following items of expenditure as in most cases beyond our control, and in others as justifiable:

Interest on public debt.....\$ 9,763,978
Sinking Fund.....2,027,869
Subsidies to Provinces.....5,935,931
Premiums, Discounts, &c.....7,591
Pensions.....92,556
Immigration.....177,694
Gov't. of N.W. Territories.....244,768
The interest on public debt is beyond control, and warranted, as the debts for which the interest is raised, were incurred in the public welfare, such as the provincial liabilities assumed at Confederation, the construction of the Intercolonial R.R., the C.P.R. and the Canada. The sinking fund is only a husbanding of resources to meet maturing debts; the subsidies to provinces is a payment to the people, through the provincial governments. Premiums and discounts are the result of commercial transactions; the pension and immigration expenditures are justifiable if the best use has been made of the payments and the last item is the result of owning the territories.

We now pass on to the items within the control of the government. "Charges on management" means the cost of printing Dominion notes, agencies in England for handling monies, offices of Revenue, general, etc. This can only be reduced by reducing salaries and having a careful watch over expenditures in officials' offices.

In Civil Government a huge reduction could be made. In the first place it has never yet been shown why the Governor-General should get a salary of \$50,000 a year. It is true that he might not be able to get Lord Tweedsmuir from Tweedsmuir, or High-Cockalorum from Cockalorum for less money, but we cannot see why their services could not be dispensed with. As capable men as ever any of these were can be got at home for less than one-fifth of the money. Then this high official has to have a secretary whose office costs about \$10,000, and sundry other expenses in the course of the year run the luxury of a government up to nearly \$100,000. Then our High Commissioner in England and eight Lieut-Governors cost Canada \$81,000 more.

We have next a senate of 76 members while the United States, with 12 times our population, have but 100. The state of New York, with more population than the whole of Canada, has but two senators, while Manitoba has five. The list and their respective cost Canada \$50,000 a year, and the whole fabric might be swept out of existence without a cents' worth of injury to the country from a legislative point of view, and at a saving of \$350,000 a year.

We have next 13 Cabinet ministers at a cost in salaries of \$105,000 a year. The United States on the other hand have but 5 ministers at \$25,000 a year. Our ministers' salaries cost us \$80,000 a year more than the American ministers cost the United States. We will name Hon. Mr. Daly, for instance, because he is known to all of our readers, and we ask some one to show us a valid reason why he should draw a clear \$8,000 a year, while Mr. F. G. A. Henderson, whose time is equally valuable with that of the Minister of the Interior, works for \$2,000 a year, and while the Premier of British Columbia, New Brunswick, Nova Scotia, etc. work for \$3,000 and some of them for far less. In addition to our 13 ministers we have two half-fledged ministers called controllers getting \$3,200 a year each for part time services.

Ask why a minister at Ottawa should receive \$8,000 a year, and you will be told his is not a permanent position, he may lose it any election, and in the mean time by his absence his business at home may be ruined. Well, the natural reply to this applies to the other officials we have named. By a general election and change of government Mr. Henderson may lose his situation in the Registry

office. Premier Davis may lose the Premiership of British Columbia, etc. But says another these men have a certain dignity to keep up, and no ordinary salary can stand it. Yes; they have to invite one another to oyster suppers, to balls, to "at homes" etc.; but the necessities of state do not call for these—they were only commenced in the first place by nabobs who had more money than brains, and if their successors, who allege they have more brains than money persist in a useless usage they should do it at their own expense. There is no reason why a farmer who gets 6 bushels of wheat to the acre which he sells at 40 cents, and who pays high duties on his resper to cut that, and on his lumber to build his shack, should be bled to keep up the dignity of skimmed-milk aristocracy.

While we are dealing with civil government, we may say we find 26 deputy heads getting \$3,200 a year each; over 50 first class clerks drawing an average of 2,500 a year each, and upwards of 100 second-class receiving 2,000 each. We have gone to the trouble of looking it up and we find the average salary paid to high school teachers with their B.A.'s and M.A.'s from good colleges is less than \$1,400, while our Federal Deputy ministers with infinitely less education, and in many cases with less ability, get double that, and the chief clerks, with less qualifications again get 50% more. Now what ever may be said of the loss of situations by Ministers, as a rule deputies and clerks retain their situations during good behavior, and can therefore afford to work for salaries that are paid to men in other callings of equal abilities. There is no reason why deputies at Ottawa should receive higher salaries than premiers in some of the provinces.

In the miscellaneous expenditures in the departments the same unrestricted extravagance is found on every hand. We submit it is only because the taxpayers of Canada are not posted on these matters that they have not long since protested against this needless waste of public money. As they get better posted they will see the necessity for the utter destruction of the whole fabric and the construction of government on a less expensive basis.

As we said at the outset, the public must not blame one political party more than the other, or one minister more than his predecessor.

A basis of government, expensive enough in all conscience, was begun at Confederation, and, through looseness and extravagance has increased day by day until it is now simply shaming to those who take the trouble to look into the details. What we want the taxpayers of Canada to learn from this note particularly is this: That for every dollar that is cut off from such expenditures as these a dollar can be cut off our taxation; and before the reduced taxation which is now so much clamored for is made, the expenditures must first be reduced. When the decaying branches of expenditure are cut off, the facility with which taxation can be reduced will be apparent without an effort.

PERSONATION.

The Winnipeg Tribune waxes very eloquent over the personation of Chamberlain in the recent by-election in Winnipeg as a "Tory dodge". The following telegram from the London (Ont.) Free Press brings corruption and personation closely home to the Grit party, however. When it embraces Arthur Mead, well known in this province, and Pattullo the Premier's private secretary the fraud is brought pretty close to the doors of Premier of Ontario, Oliver Mowat, himself.

Toronto, June 4. The News Herald, published this evening, publishes the affidavit of James Joseph Muldoon, an advertising agent, in which he declares that he was a member of a Reform committee in this city at the last general Provincial election; that other members of said committee were Arthur Mead, son of Sir Oliver Mowat; Peter J. Brown, Wm. J. Woods, a Globe reporter, and others; that said committee was formed in the interests of Joseph Tait and Alfred McDougall; that part of the Committee's work was to provide false beards and false mustaches, to be used upon personators to change their appearance, and so that they would be able to personate differently at different places by reason of such altered appearances; that the said committee provided for and looked after a very large number of personators, and dependent is aware that personation was carried on at that election on behalf of Tait and McDougall; that the instructions received from members of the said committee were to personate as far as possible absentees and dead men; that on a certain date and in the committee room of the said committee "Mr. Pattullo, who was then acting as private secretary for Sir Oliver Mowat, produced a satchel which he brought with him to the said committee room, and I saw the said Mr. Pattullo taking large quantities of money in bills out of the said satchel, spreading them on the table, but the same was done in an inner room of the said committee room, and I was only in the said inner room for a short time, and am unable to state whether the money paid to me was a portion of the money produced by the said Mr. Pattullo or not, but I got my money shortly after the said Mr. Pattullo was present, and the said money that I received on the said occasion was given by Mr. Peter J. Brown afterwards."

In support of his sworn declaration charging the Liberals of Toronto with organized personation Muldoon produces nearly a score of documents. These comprise certificates, receipts, lists of names, voters' cards and letters. The chief documents is the certificate of Mr. Dorenwend, hair dealer, testifying to the renting of the wigs and mustaches on election day. Exhibit "A" is reproduced in full and tells its own story. "B" comprises a list of persons whom Muldoon says were to be personated.

THE HUDSON'S BAY R.R.

We notice that the Winnipeg Tribune is "agin the Hudson's Bay R.R." There is not much chance of "5000 a mile for cesters" in the scheme, and its friends cannot therefore hope to secure the favor of the present government. The present incumbents of the benches are not there forever, however, and some thing may come of the scheme yet. The Winnipeg print has, of course, to become looking glass for Greenway & Co. The print refers to certain "organettes" that are favoring the project, meaning particularly the Man, and then rushes off into a riddle of subject. The print says that if the province were to take stock in the road to the extent of \$5,000,000 it might as well go three times that. Pray Why? Every one in the country the Tribune included feels that the money so far sunk by the province in railways is so much thrown away, so far as competition is concerned, and simply because in the past contracts, the province has, no lien on the roads it has aided. By Manitoba's taking a majority of the stock necessary to build the road this thing would be reversed. We next ask our confere why such a result as is anticipated should follow? We have shown that with half of Manitoba under wheat, we would have 15,000,000 bushels for export, which is not too high an estimate, and the territories are capable of making that 50,000,000 in a few years more. Supposing again the Hudson's Bay R.R. got half that crop or 25,000,000, at 12c from any Brandon, relatively as high a rate as the C.P.R. charges, this would be an earning of \$3,000,000 a year, and would require five trains a day the year round to haul it. This appears to us should support any road to say nothing of the fact that all our imports from Europe should come that way. As far as we can get at the figures the earnings then would not only pay interest on stock, running expenses, a handsome profit to the R.R. Co. and a large surplus besides. Of course to the print that is tied neck and heels to a government that is like a coat in a bag to the C.P.R. argument is useless; but it is for the people's interest the Man, peaks and not for that of the government or the pleasure of its organ either.

"THE TRIUMPH OF LOVE"

IS HAPPY, FRUITFUL MARRIAGE."

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must reach every man with this generation of men." The book fully describes a method by which to attain full vigor and manly power.

A method by which to end all unnatural drains on the system. To cure nervousness, lack of self-control, dependency, etc. To exchange a faded and worn nature for one of brightness, buoyancy and power. To cure forever effects of excesses, overwork, worry, etc. To give full strength, development and tone to every portion and organ of the body.

Age no barrier. Failure impossible. 2,000 references. The book is purely medical and scientific, useless to curiosity seekers, invaluable to every man who needs it.

A despairing man, who had applied to us, soon after wrote: "Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?" And another thus: "If you dumped a cartload of gold at my feet it would not bring such gladness into my life as your method has done." Write to the Edie Medical Company, Buffalo, N.Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

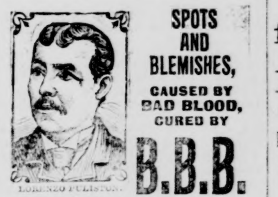

Hood's Cur^d After Others Failed

Scrofula in the Neck—Bunches on the Face—Cure Now.

"C. I. Hood & Co., Lowell, Mass.: 'Gentlemen—I feel that I cannot say enough in favor of Hood's Sarsaparilla. For two years I have been troubled with scrofula in my neck and throat. Several kinds of medicines which I tried did not do me any good, and when I commenced to take Hood's Sarsaparilla there were large bunches on my neck so sore that I could not bear the slightest touch. When I had taken one bottle of this medicine, the soreness had gone, and before I had finished the second the bunches had entirely disappeared.' BLANCHE ATWOOD, Sangerville, Maine."

Hood's Sarsaparilla Cures not bear the slightest touch. When I had taken one bottle of this medicine, the soreness had gone, and before I had finished the second the bunches had entirely disappeared. BLANCHE ATWOOD, Sangerville, Maine. N. B. If you decide to take Hood's Sarsaparilla do not be induced to buy any other. Hood's Pills cure constipation by restoring the peristaltic action of the alimentary canal.

SPOTS AND BLEMISHES, CAUSED BY BAD BLOOD, CURED BY B.B.B. DEAR SIR,—I am thankful to B.B.B. because I am today strong and well through its wonderful blood-cleansing powers. I was troubled with scrofulous spots and blemishes all over my body and was advised to try Burdock Blood Bitters. I took one bottle, with great benefit, and can positively say that before I had taken half of the second bottle I was PERFECTLY CURED.

I am so pleased to be strong and healthy again by the use of B.B.B. and I can strongly recommend it to everybody. L. MARZO PRISON, Sydney Mines, C.B.

Communication.

Bonusing.

To the Editor of THE MAIL:

Dear Sir, - I see by the "Brandon Sun" that your City Council are going to submit a By Law to bonus and exempt another flour mill in Brandon. Now it strikes me that there are many other industries that the council and citizens generally could advocate which would be of far greater benefit to the city and farmers than a second flour mill, for several reasons. First, - You have one mill that shows a very purpose that a second or third could do and one that I believe gives general satisfaction. I have had dealings with the proprietors, Alexander, Kelly & Co., for the last 12 years, have sold to them nearly all the flour I have raised in this country and have received satisfaction at all times. I consider the proposition they have submitted to the council to reduce the rate of milling to 125 cents per bushel, and charging 8 cents per 100 lbs. on being extracted from flour for 10 years to be a very generous one considering the high quality and skilled labour in the country and it should meet with the approval of the citizens generally.

Second, - If the council would bonus a miller to get a starch factory started in the city, also a "Prosemy" or starch factory of any kind, that would be a far better thing than giving some other business which would be much better for the country. Leave the farmers alone on the wheat question, they will all get enough of it, and as for the millers and grain dealers we all know they have had their own troubles the last two years. The competition in the wheat trade here is so keen now that the introduction of another flour mill or two would not, in my opinion, influence the price paid to the farmers for wheat in the slightest degree.

I should think a woolen factory would be well in Brandon, many farmers have gone into sheep raising and many more would do so if they could find a ready market for their wool. Trusting you will be able to find room for the insertion of this letter.

I remain,
Yours Faithfully,
THOMAS WASHINGTON.

MARKETS.

ALABAMA.

It is about five weeks since we had any rain, and the crops are now very much in need of moisture. Last Sunday morning was odd with enough of frost to kill everything high in the hills. The late frost may have effected them in that way.
The Rev. Daniel Lamont, who has just returned from a visit to his friends in Scotland, met with an accident by the head of the State of his horse. He was thrown to the ground but beyond a badly scratched and bruised face and severe shaking up, the Rev. gentleman escaped without any serious injury.
On Sunday the long expected rain came on about 12 o'clock and continued all day, over one inch of rain fell, making everything both wet and better. There is a smile on every face and gratitude in the heart, even the children are in a happy frame of mind. An extensive fire that was raging in Mount Vernon at 10 o'clock was extinguished in a few minutes.

Scorpius

When a woman's face is so beautiful as this, it is no wonder that she is so popular. The secret of her beauty is in the Scorpius. It is a powerful medicine for the skin, and it will make any woman's face as beautiful as this. It is sold everywhere, and it is the best thing for the skin that has ever been discovered.

LOCAL NEWS.

Dr. Stoyte, of Souris, was in town Monday.

County Court sits on July 3rd and following days.

The by-law election takes place Friday the 22nd.

There was rain all around on Tuesday, but none in Brandon.

Mr. James Elder, of Virden, guest in the city last week.

E. W. Leeson, of Virden, through to Montreal.

The general meeting, passed in again to the other day.

Mr. J. M. Kennedy was seen on our streets.

Meeting of the executive of the Central Farmers' Institute took place last week.

The fire alarm called out the brigade last Monday. It was at Mr. McKelvie's shop.

The water works and sewer connection with the central school have been completed.

Rev. Mr. Forrester, of Roseland, exchanged pulpits with Mr. Urquhart last Sunday.

Signs of worms are variable appetite, itching at the nose, etc. Dr. Low's Worm Syrup is the best worm expeller.

The large mirror which was in George Wood & Co.'s, military department, has been purchased by Mr. Butcher, jeweller.

The annual meeting of the Farmers' Institute will be held Saturday 10th inst. in the City Hall.

The school board have asked the city to raise \$20,416.90 for school purposes during the current year.

Judge Walker returned to Brandon on Friday and with Mrs. Walker will reside here during the summer.

Col. Sgt. Brown strained himself at the C.P.R. freight shed and is in consequence laid up at his residence.

Wheat has gone up 2 cents a bushel in Toronto. 100 jumps like that will bring it up to Mr. Van Horne's ideal price.

Messrs. W. A. Long and C. E. Miller have left to attend the meeting of the Masonic Grand Lodge at Banff this week.

The blood is the source of health. Take Hood's Sarsaparilla to keep it pure and rich. Be sure to get Hood's Sarsaparilla.

The Rev. Mr. Harding gave an "At Home" on Saturday last at which a large number of the ladies of his congregation were present.

We understand that Miss Hext, one of America's best artists in Greek Statues, is to give an evening here on the 29th of this month. Don't fail to hear her.

Mr. Charles Brathwaite, grand president of the Patrons of Industry, has been chosen to oppose Mr. N. J. Boyd, in Marquette in the interests of the Patrons.

The market on last Friday was well patronized, but owing to the heat and dust it was impossible to keep dairy produce in as good a shape as the farmers could wish.

On Sunday June 3rd, the Rev. Herbert Dransfield of Roundhead, preached to the members of Court Oaklands, Canadian order of Foresters; the church was crowded.

His grace, the archbishop of Rupert's Land, has offered the Parish of Stone-wall, near Winnipeg, to the Rev. Dransfield of Roundhead. Mr. Dransfield, will probably accept the call.

Mr. T. B. Hyndman received a telegram on Friday saying his father-in-law, Squire Doran, was expected to die at any moment at his home in Iroquois. Mr. H. left by the first train for that town.

The tennis club has many admirers among the ladies and the number of members is constantly increasing. The great improvement to the ground is due considerably to the water works connection.

Mr. Green, a partner in the firm of Ludlow, Green and Co., has withdrawn from the firm and will probably go into business in Virden. The business will be continued under the name of the Brandon Machine Company.

A few days ago Mr. R. F. Evans, and Mrs. Robinson, of Alexandria, were joined in wedlock by the Rev. Mr. Harding of this city. It was the occasion of bringing Mr. F. Connell and a number of Alexandrites to town, to witness the ceremony.

The employees of the G. N. W. C. are on strike. They held a meeting last Saturday, at which it was decided to discontinue work till some satisfactory arrangements would be made in regard to their back pay. Col. Forrest, who is receiver for the road, went to Winnipeg to arrange with the court some means by which arrangements could be made.

On Friday evening a social was held in the Presbyterian church the Rev. Mr. Mason in the chair. The programme which consisted of spoken essays on prohibition was participated in by the following: Arthur Paisley, Olive Bowden, Elsie McDonald, Jennie Trotter and Janey Arnold. The prize a silver medal which was given by the W. C. T. U. was won by Miss Gertie Paisley; Mrs. McEwan, Mrs. Wilson and Mr. Robert Matheson were the judges. Miss Baker and her Kindergarten class of little ones were present and by their singing materially helped the enjoyment of the large number present.

John Maher, of Glen Souris, came into the city on Tuesday with 100 lbs. of wool. He was on his way to Rapid City to sell the wool, the price for which, will probably be about 12c a pound. It was Mr. Nealon's intention to have bought wool this spring in the city, but owing to the depressed state of the market he has postponed operations till next spring, when it is his intention to buy all the wool coming into Brandon. Mr. Nealon is an old wool buyer of Ontario and his project of buying here is a good one, and one that will benefit the town at large. Mr. Maher has to drive now about 70 miles with a wool buyer, here he would only have to drive a short distance.

A small blaze in a shed near the Presbyterian church, Wednesday evening, gave the firemen a run. The flames were soon put out and the loss is very small.

Besides its blood purifying qualities, Hood's Sarsaparilla also contains the best known vegetable stomachic, diuretic, kidney remedies and liver invigorants, and is thus an excellent specific for all disorders of these organs, as well as for low condition of the system, or that Tired Feeling.

DANGEROUS SUMMER COMPLAINTS.—Cramps, Dysentery, Cholera, Morbus, Diarrhoea, and indeed, all Bowel Complaints, require quick relief, or the result may be serious. When you remember these troubles are common and no family should be without a supply of Perry Davis' Pain Killer, a safe, sure and speedy cure, of all the troubles named. This medicine was discovered many years ago, and time has proved its excellence. Every reputable druggist keeps a supply on hand, and each bottle is wrapped with full directions. 25c. New Big Bottle.

The Why and Wherefore.

There is nothing marvelous in the fact that Hood's Sarsaparilla should cure so many diseases. When you remember that a majority of the disorders "flesh is heir to" are due to impure or poisonous condition of the blood, and that Hood's Sarsaparilla is an effective and radical blood purifier, the whole thing is explained.

Annual Meeting.

The Annual Meeting of the Brandon Farmers' Elevator Milling and Trading Co. Ltd. will be held in the Council Chamber of the City Hall, on Friday, June 12th, 1891. The business of the year will be presented for the past year. Directors elected and other matters in connection with the business of the company will receive attention.

R. E. A. LEECH, Sec. Treas.

Brandon, June 12th, 1891.

ALL MEN

Young, old or middle-aged, who find themselves nervous, weak and exhausted, who are broken down from excess or over work, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, bad dreams, dimness of sight, palpitation of the heart, nervousness, lack of energy, pain in the kidneys, headache, pimples on the face and body, itching or peculiar sensation about the skin, wasting of the organs, airiness, sickness before the eyes, twitching of the muscles, eyelids, and elsewhere, listlessness, depression in the urine, loss of will power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dulness of hearing, loss of voice, desire for solitude, excitability of temper, swollen eyes, surrounded with leaden circles, oily looking skin, etc., are all signs of a diseased condition of the blood, and if not cured, will result in insanity unless cured. The spring of vital force having been lost, the system every function wastes in consequence. Those who through illness, committed in ignorance, may be permanently cured. Send your address for book on diseases peculiar to man, sent free, sealed Address, M. Y. LUBOW, 27 Macdonnell Ave., Toronto, Ont.
